

# Culebra

2018

TAG: 3015

FIRST NEST

26 April

@22:55

## Nest Locations

Culebra nested twice on the North Beach, and once on the West Beach. She was always spotted as she was arriving onto the beach and preferred to nest before midnight! She's one of our biggest turtles!

The  
**HISTORY**  
 of Culebra

Turtle #16

a turtle from Culebra, PR

Culebra was first seen at Sandy Point in 2009. She already had tags that were applied over on Culebra, 50 miles away!

## Nests per Year

Average # Eggs

72

per nest!

Adopted by the STX Leatherback Team

Thank you!

The St. Croix Leatherback Project is partially supported by the Sea Turtle Census, a project of The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS.
