Isabella is a neophyte!

Isabella was a new turtle this season, just reaching maturity. She nested three times! She liked nesting on the North Beach, but nested for the first time on the South Beach.

The Scarfos, with Isabella (right), ready for a night survey!

Our youngest volunteer, Isabella, 8, was dressed in her field clothes every night that she visited!

We loved her enthusiasm and willingness to help walk the beaches to find our turtles!

The HISTORY of Isabella
