Size:

147.0 cm

3 Nests

About Jenny

Jenny was also a very early nester, along with Katrina - at 8:28 pm - she is also a small turtle. She has been coming to Sandy Point for a long time but each remigration interval is very long so she is likely nesting on another beach as well - maybe in Puerto Rico!

Average # Eggs

69

in her clutches!

Adopted by Amy Semple for her Mom, Jenny!

Thank you!

The St. Croix Leatherback Project is partially supported by the 'Sea Turtle Census', a project of The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS.
