

Dotsie

FIRST SPOTTED

2021

TAG: K K X 0 7 5

Green sea turtle

13 August

@8:35 pm

When a new turtle like Dotsie shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

the HISTORY

Turtle #13

of Dotsie

at Sandy Point since 2021!

Dotsie was a new nesting green turtle this year!

Size:

108.1 cm

2 Nests

About Dotsie

We saw Dotsie twice this season at Sandy Point! She nested at the North Beach on 13 August and then on the West Beach on 24 August. She is a clean turtle other than a huge barnacle on her shell! We were happy to have her nest twice with us. We hope to see Dotsie return to Sandy Point in a few years!

Average # Eggs

107

Adopted in honor of Bill Weeks mom, Dorothy!

Thank you!

The St. Croix Sea Turtle Project is sponsored by The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS at Sandy Point National Wildlife Refuge. STXTurtles.com
