

Flowerz

FIRST SPOTTED

2021

7 September

TAG: K K X 1 6 5

Green sea turtle

@10:59 pm

When a new turtle like Flowerz shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

the HISTORY

Turtle #50

of Flowerz

at Sandy Point since 2021!

Flowerz was a new nesting green turtle this year!

Size:

106.2 cm

2 Nests

About Flowerz

We saw Flowerz twice this summer at Sandy Point! We found her nesting on 7 September on the West Beach and then 19 September on the North Beach. Both nests looked great, way to go Flowerz. She was quite a clean turtle as well, no barnacles! We hope to see Flowerz return back in a few years to nest with us again!

Average # Eggs

107

Adopted and named by Jennifer Smolka, in honor of her sister's family, including Jill Z!

Thank you!

The St. Croix Sea Turtle Project is sponsored by The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS at Sandy Point National Wildlife Refuge. STXTurtles.com
