

Gavina

FIRST SPOTTED

2021

19 August

TAG: K K X 0 5 8

Green sea turtle

@11:15 pm

When a new turtle like Gavina shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

the HISTORY of Gavina

Turtle #26

at Sandy Point since 2021!

Gavina was a new nesting green turtle this year!

Size:
100.9 cm

About Gavina

We saw Gavina once this summer at Sandy Point. We found her nesting on 19 August on the West Beach. She laid a great nest in open sand. She was quite a clean turtle, no barnacles for Gavina! We hope to see Gavina return back in a few years!

Average # Eggs
107

Adopted by Karen Kinne for her son Gavin!
Thank you!

The St. Croix Sea Turtle Project is sponsored by The Ocean Foundation, a 501(c)(3) organization, in cooperation with the USFWS at Sandy Point National Wildlife Refuge. STXTurtles.com
