

Kaitlyn

2021

TAG: SPP856

FIRST NEST

8 April

@11:20 pm

When a new turtle like Kaitlyn shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

the
HISTORY

Turtle #9

of Kaitlyn
at Sandy Point since 2021!

Kaitlyn was a new nesting leatherback this year!

Size:

148.0 cm

Nest

About Kaitlyn

Kaitlyn's nesting journey at Sandy Point has officially started. She may have left here as a hatchling 10-20 years ago and is now starting her adult life. She should return to nest again at Sandy Point in a few years.

Average # Eggs

74

per nest!

*Adopted by Reed Maxson for
his daughter!*

Thank you!

The St. Croix Sea Turtle Project is sponsored by The Ocean Foundation, a 501(c)(3) organization, working in cooperation with the USFWS at Sandy Point National Wildlife Refuge. STXTurtles.com
