

Crider

2022

TAG: FFG187
Green sea turtle

FIRST NEST

15 October

@8:15 PM

When a new turtle like Crider shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

THE HISTORY OF Crider

TURTLE #37

New to Sandy Point in 2022!

Crider is a neophyte, a new nesting turtle at Sandy Point!

SIZE:

101.1 cm

1

Nest

About Crider

Being a neophyte, a new nesting turtle, this is the beginning of Crider's story.

She may have left Sandy Point as a hatchling 20 years ago and is now starting her adult life. We hope to see her again in a couple of years.

Our team thanks you for your support!

*Adopted by the Ellis family for their grandchildren in Colorado.
Thank you!*
