

Siera

2022

TAG: KKK049
Hawksbill sea turtle

FIRST NEST

7 September

@8:17 PM

When a new turtle like Siera shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

THE HISTORY OF

Siera

TURTLE #7

New to Sandy Point in 2022!

Siera is a neophyte, a new nesting turtle at Sandy Point!

SIZE:

83.1 cm

1

Nest

About Siera

Being a neophyte, a new nesting turtle, this is the beginning of Siera's story. She may have left Sandy Point as a hatchling 20 years ago and is now starting her adult life. We hope to see her again in a couple of years.

Our team thanks you for your support!

*Adopted and named by Sandra Nichols
for her friend, Siera.
Thank you!*
