

Summer

2022

TAG: KXX028
Green sea turtle

FIRST NEST

19 April

@2:13 AM

When a new turtle like Summer shows up for the first time, she will get a metal flipper tag and an internal tag (microchip). This way we can identify her easily each time she comes back to nest and we can track her nesting history over many years.

THE HISTORY OF

Summer

TURTLE #3

New to Sandy Point in 2022!

Summer is a neophyte, a new nesting turtle at Sandy Point!

SIZE:

100.0 cm

About Summer

While Summer is a Sandy Point neophyte, a new nesting turtle, she was first tagged in 2012 in Brazil! We were excited to see her at Sandy Point and hope to see her again in a couple of years.

Our team thanks you for your support!

Adopted and named by Helen del Guidice after her daughter in law.

Thank you!
