She loves nesting at Sandy Point!

SIZE:

155.1 cm

3 Nests

About Winona

We were excited to see Winona return to nest with us this year! We were able to see her travel around the Caribbean until her tag lost signal! A male may have knocked it off. We can't wait to see her again in a few years!

Our team thanks you for your support!

*Adopted by the students in Winona State University's 2018 St. Croix field course!
Thank you!*
